

Prep 4's Class Prayer

Inspired by Pope Francis' Five Finger Prayer

Dear Father,

We pray for our friends and family who look after us, share good times and create fantastic memories each day.

We would like to ask for protection of those who guide us down the correct path so that they will be by our side ready to conquer any trap that is set for us.

We ask that you watch over our world leaders who have tough times ahead, allow them to make the correct decisions for the well-being of our world community.

We pray that you give us the strength to support those in need and that the health and nourishment they need reaches them allowing them to be healed for a happy life.

We request your help so that we may enjoy and embrace our classmate's friendships, to try our best in all we do and to choose right from wrong.

We pray for all those in our school community, that this year they have the confidence to overcome any obstacle and to ensure we do not stumble when the path ahead is bumpy.

Amen.
