

Prep 5 class Prayer

Dear God,

I pray for my friends and family, that they never get hurt or need to go to hospital and are always happy.

We pray for people who are poorly or ill and for their safe return to good health.

We pray for animals and pets because they can get hurt very easily.

Please keep the rescue services safe, who risk their lives for us every day,

And we pray for teachers who give us knowledge and are kind to us.

Please keep all people safe, those in war and with loved ones dead and help all the children of the world.

Help us help those people who are not as lucky as us and don't have the benefit of going to this school.

We ask all this in Jesus' name, Amen.
