

Dear Heavenly Father,

Thank you for our friends and family, for a wonderful start to our year in Prep 6 and most importantly for bringing everyone back to school safely.

Thank for new members of our school community who are already our friends, for all of the teachers who help us to learn.

Help us to learn new things, make progress and grow in faith as you taught us through your son Jesus.

Help us to be kind, helpful members of your family and give us your support and wisdom as we approach our entrance exams.

Let each day bring a new start, new ideas and the courage to try new things and challenge ourselves.

Help all those who are in need of your love and strength. Guide them to safety so that they may know peace.

Bless us and all those who are a part of our families, both at school and at home.

We ask this in Jesus' name.

Amen.
