

Prep Four's Pope Francis' Five Finger Prayer

Dear Father,

Please support our families and friends as they work to support us in everything we do, protect them as they protect us this year.

We pray for all our community leaders and our teachers as they work hard to ensure our world to be a just and peaceful environment for us to live.

We ask for you to continue to support our world's authorities, giving them the knowledge and wisdom to make the correct decisions as we strive to work together as one whole community.

Lord, please watch over all the weak and sick in the world, comfort them in their time of need and heal them with your love.

Finally we pray that throughout this year you watch over us all here at St. Joseph's Prep school, may we strengthen ourselves with daily acts of kindness and love towards each other and remember the examples set by Jesus.

Amen
