Appointed: 2004

Curriculum Responsibility: Art; Individual Education; Eco Warrior

Profession:

Illustrator / Part Time Retail

Interests: Art in all of its forms; Literature; Nature; Conservation and Country Pursuits; Dog Showing; Animals

I came to St Josephs as a parent in 1998 and was so impressed with the level of education and care my son received that I became involved in the P.T.A. eventually becoming chairperson before being invited to become a Governor.

I have seen the school change and evolve over the years; the constant has been the devotion of the Head and staff to the children. The time I give as a Governor is made worth it by the pride felt being involved with a school that produces well rounded, happy, curious children with heart and spiritual awareness.
