

St. JOSEPH'S PREPARATORY SCHOOL
Part of the Edmund Rice Family

Mr Daran Harding Vice Chair of Governors

Appointed: 2009

Curriculum Responsibility: Science / Humanities

Profession:

Bank Manager

Interests: Live Music, Family Time, Overseas Travel

I have worked in corporate and commercial banking for the past 27 years throughout the West Midlands and the north-west.

I joined the governing body of St Joseph's Preparatory School when my son had started in the Reception class.

My responsibilities extended through to chairing the governing body for a number of years during which time I arranged for subgroups to be set up with specific responsibilities and delegated authority.

As the chair of the governing body I served on the subgroups and have continued to support the finance subgroup following stepping down as chair.

During my term as chair, I had specific responsibility for the Early Years department and supported the school during an Early Years inspection in the area.

Despite no longer being chair, I try to support the school as fully as possible as a critical friend.
