

Lord as we start a new week please be with us.

*We ask that you stand before us, behind us and to each side of us.
We ask that you surround those that we love; we particularly ask for your
love to support those who are sick.*

*Guide us in all our decisions and aid us in making the right choices for
ourselves as well as those that we are responsible for.*

May this week bring us closer to you in every way!

Amen.
