

Let us thank god for keeping us safe over the holidays so that we can be here, happy and healthy on our first day back at school.

We pray for peace and mercy in the world.

Help us to forgive and show mercy so that it can be a happier year.

We hope that god can keep us all healthy for the coming year.

Thank you for helping us through school, we ask that you help us through year 6. If we struggle, help us to recover.

We pray that you will help us to achieve our goals in this academic year. Help us through the exams that we will take.

Guide us on to the right path so that we can be better people.

Help us to respect and love each other through the year.

We appreciate the things that you have done for us.

Amen
