

Prep Four's Five Finger Prayer

Dear Father,

I wish to prayer for the people in my life who mean the most to me, help them have a life full of luck and happiness.

Lord, please ensure that my actions reflect the work of the people who have guided me through my life using your teachings.

I pray that the people who control our world have the strength of character and mind to enable them to make decisions to benefit the whole world.

I would like to ask for your support in my life to help the weak and vulnerable, ensuring I help to give them opportunities whenever I am able.

Finally, I ask that you help me with my work this year, help me to work through any problems I have and to achieve as much as I can whilst remembering other people.

Amen
